

SPring-8/SACLA

RIKEN
Owner

RIKEN SPring-8 Center

Innovative Synchrotron Radiation Facility Div.

Advanced X-Ray Laser Gr.

Control System and Data Infrastructure Gr.

Accelerator Hardware Development Gr.

Accelerator System Operation Research Gr.

Accelerator Development Strategy Research Gr.

Laser-Driven Electron-Acceleration Technology Gr.

Photon Science Research Div.

Materials Dynamics Gr.

Biostructural Mechanism Gr.

SACLA Science Research Gr.

Forensic Science Gr.

Advanced Photon Technology Div.

Life Science Research Infrastructure Gr.

Physical and Chemical Research Infrastructure Gr.

SACLA Beamline Research and Development Gr.

Engineering Div.

RIKEN RSC-Rigaku Collaboration Center

Strategic Office for SPring-8-II Project

Office of the Center Director

Harima Branch

Harima Administrative Div.

SPring-8 Center Promotion Office

Harima Information Systems Office

Harima Safety Center

JASRI

Registered Institution for Facilities Use Promotion

Center for Synchrotron Radiation Research

Spectroscopy Div.

Diffraction and Scattering Div.

Scattering and Imaging Div.

Structural Biology Div.

Industrial Application and Partnership Div.

Precision Spectroscopy Div.

NanoTerasu Promotion Div.

XFEL Utilization Div.

Accelerator Div.

Beamline Optics Div.

Research DX Div.

Research Project Div.

Safety Office

General Administration Div.

User Administration Div.

Planning and Human Resources Div.

Core System DX Promotion Div.

SPring-8 Contract Beamlines

Japan Atomic Energy Agency (JAEA)

National Institutes for Quantum Science and Technology (QST)

Hyogo Prefecture

Institute for Protein Research, Osaka University

Research Center for Nuclear Physics, Osaka University

National Synchrotron Radiation Research Center

Advanced Softmaterial Beamline Consortium

TOYOTA Central R&D Labs

Kyoto University
