

Location of SPring-8

SPring-8 is located at the north end of the Harima Science Garden City, which is a part of the Nishiharima Technopolis. The Hyogo Prefectural Government is actively promoting the area as an attractive location for activities related to science and technology.

To Tottor Yamasaki IC To Kobe To Hiroshima Chugoku Expressway Himeji Castle, also called Shirasagi-jo (White Heron Castle) due to its white outer walls, is located in the center of Himeji City, about To Tsuyama 50 kilometers east of SPring-8. It is the best preserved castle in all of Japan, registered SPring. 8 Mikazuki on UNESCO's World Heritage list in 1993.
