In accordance with the provisions of the Law Concerning the Conservation and Sustainable Use of Biological Diversity through Regulations on the Use of Living Modified Organisms, the following information regarding the genetically modified organisms is submitted.

Description

The following indicate the Type 2 Use of living modified organisms.		
1	Name of host or parental organism	
	Name of recombinant nucleic acid or its copy <sup>3)</sup>	
	Classification of containment measure	
	Amount	
	Confirmation by Minister <sup>4)</sup>	Required / Not required
	Use in accordance with (i), (ii), or (iv) of Article 16 of the Regulations related to the Enforcement <sup>4)</sup>	Not applicable / Applicable
	Note <sup>5)</sup>	
2	Name of host or parental organism	
	Name of recombinant nucleic acid	
	Classification of containment measure	
	Amount	
	Confirmation by Minister <sup>4)</sup>	
	Use in accordance with (i), (ii), or (iv) of Article 16 of the Regulations related to the Enforcement <sup>4)</sup>	Not applicable / Applicable

	Note <sup>5)</sup>

\* Notes for completing the form

- 1) Enter the name of the university, company, or institution to which genetically modified organisms will be provided as “Recipient Organization.”
- 2) Enter the name of the person in charge of providing genetically modified organisms as the “Provider.”
- 3) If there is no name or the name is not clear, state it accordingly.
- 4) Circle the appropriate item.
- 5) Enter information that is considered desirable to be provided for the proper handling of the relevant genetically modified organism.
- 6) This document must be attached to Form 20-2 “Notification of carry in/out of genetically modified organisms” and submitted to the Safety Office at least 10 days before the carry in/out. This document must be mailed to the person in charge of receiving the genetically modified organism at the recipient organization before carrying the genetically modified organism in/out.
